

The Business of Health

The Spring Conference is now the **VHHA Annual Meeting** because, simply put, we value celebrating our members above all. Hosted by VHHA’s Foundation, VHREF, the Annual Meeting highlights industry accomplishments and invites all with a vested interest in improving the health of Virginians to come listen, share your ideas, and get involved in our work.

The Association is excited to further partner with Virginia’s ACHE chapters to bring content to both VHHA and ACHE members at our Annual Meeting. We have crafted several options for you to engage with us in Williamsburg—please see below to create your perfect agenda.

American College of
Healthcare Executives
for leaders who care®
